A Tidy Environment = A Safe Workplace

Keep your workplace clean and organized

Make sure walkways are free of obstacles

Return tools and equipment to their proper places

Clean up spills immediately to avoid slips and falls

According to the **World Health Organization (WHO)**, many workplace accidents and injuries occur due to clutter and spills in the work environment.

"One step into clutter ... could be your last!"

Scan the QR code to access the 2023 guidelines on identifying types of occupational hazards in the workplace and the necessary precautions and preventive measures.
